So I'm looking forward to it! Brother, I'm waiting for the promised film... It's been 4 months now, I can't wait) The closer the premiere date, the stronger the excitement.. If you are used to watching movies with no sound and poor quality, then you will not be very pleased to watch this movie, because the sound is 100% present in it, I think you will see for yourself if you sit in the cinema. The film is very good and taught me a lot .. a very good film, I don't understand why I didn't expect it so much! I would like to recommend the movie! The film is good, but only in the first hour of the film. After two hours of watching, it becomes boring and dreary
