How to play: The game controls are simple: - Left/right mouse is use to control the character you are controlling. - WASD is use to control the speed of the character you are controlling. - The F key is use to cycle through available weapons (including guns) The controls are confirmed to be fluid and intuitive, and make the game accessible to almost everyone. Contrasted Features: - 9 different characters - 4 distinct game modes: - "Arcade" where you want to progress as fast as possible. - "Challenge" where you need to get the highest possible scores. - "Time Trial" where you need to beat a certain time. - "Survival" where you need to survive as long as possible - All characters and game modes have been balanced so that playing the games on Expert difficulty is easy and fun. ## What's new:

**with that were Shiga, Amir and Rafanelli, two big, strong KitaKare guys with a light touch and a strong “If I don’t want to, then you should stop me” attitude. The fact that T2 is representing RBN this year in what is essentially his hometown, has caused him a bit of trepidation. T2 has played RBN for 4 years and he loves the atmosphere in Sydney, the support of the Kiribati football fans and the friends he has made over the years. He was fit, positive and confident heading to this week’s tournament. He had his own tattoo design done and a Facebook group made up mostly of Sub-20 men going to the tournament wearing his design to show their support. The last few weeks have been tough though for T2, with sharks eating at his son, family issues and injuries to his knees and back. He wanted to make sure he had the best support possible from his wife Akisha and closest friends from his team. He especially wanted the likes of his Oceania test friend, Rory, who shared so many memories with him at RBN. He won’t be the only one in this Facebook group on Sunday though. He’ll be up against a number of players from the over-28 sub-section. There’s been a string of popular guys along the way over the years who have been a hit with supporters and class players like Tarak, Ming, Gio, Dan, Graham, Jonathan and other high-priced signings. Unlike previous editions of RBN, we don’t have a panel of SAS referees in this tournament and Stuart (jokingly refereed his own match) is in charge as sub-23 referee. The under-21 tournament in Japan kicks**

off on March 30, and T2's team are camped now, resting well (for the most part) and going through training twice a day. He is loving the tournament, meeting new people, cooking challenges, watching young guys come through and getting involved in coaching and teaching them the art of playing in the breast. You can tell from his looks that he has enjoyed it so much, his eyes light up when he watches the likes of central defender Ivan Cursic or defender Ben Pascoe interact with the fans. Here is what T2 had to say about the tournament
