"Tarnished", "Extremely Satisfied." "They put so much effort into developing this game and it's absolutely brilliant. It's a game that has plenty of unique elements that makes it stand out from other RPGs. The story was fun and enjoyable to play, and the gameplay itself is a joy to experience. "The Elden Ring Free Download game is exceptionally interesting. The first hour of the game I could not stop myself from trying to do things that make my character stronger (defeating the waves of monsters, collecting the strategy cards as a bonus), not just because it's an RPG, but because it's a game with an excellent online aspect that can be played anywhere. It's like a huge world around me, so I can feel the presence of others, plus my own presence increases and that of others decrease." "Glad I Bought It", "Good job." "The Perfect Action RPG", "Absolutely Fantastic." "This game is an RPG that I'd like to try again in the future. The storyline is good, the music and sound effects are good, the battle system and combat is excellent. I can play it from beginning to end without it taking very long. If you're on the lookout for an Action RPG that is different from the usual ones out there, then you should definitely try this one out. It's definitely worth buying and playing."
