What's new in Fifa 22:

- **Playing in new ways - Using "HyperMotion Technology" affects gameplay in numerous ways, including standing a little farther back from challenges to deliver long-range strikes.**
- **Improved Offsides System - Offside calls can be made based on the position of your player. In addition, if a player is in possession, the goalkeeper is now the one to make offside calls. See the lineman and/or on-field referee for additional details.**

Free Fifa 22

FIFA is a game of strategy, skill and chance that perfectly captures the emotion of the beautiful game. Take your place among the world’s top players and become the best. The Game FIFA 22 challenges you to take the best shots and play the best football to prevail on and off the pitch. Accurately recreate the game’s authentic emotion, and bring it to life with a variety of new features and free to play gameplay. Authentic Pitch AI The most intelligent pitch in football is now an officially licensed FIFA 22 pitch. FIFA 22 can now understand where the ball will move and how to manipulate the playing surface in a way that feels accurate and fair. Dynamic Free Kick System This allows players to create greater moments of magic from free kicks by shaping the direction of their free kicks in the air. Dynamic, responsive, and unpredictable, this creates higher percentage goals from free kicks, while also increasing player skill and tactics. Better Water Reflections Everyone wants to see an exact replica of what actually happens on a water surface. EA are using the game’s physics engine to simulate the most minute of nuances, delivering the most natural reflections in FIFA 22. Tighter AI The advanced Artificial Intelligence means that FIFA 22 delivers the clearest and most intelligent opponent behaviour on the pitch. The AI in FIFA 22 is able to see and react to things players can’t, such as advanced line-breaking runs, intelligent dribbling and intelligent positioning. Set Piece Deletions FIFA 22 will feature an enhanced clean sheet system that will make sure that referees aren’t calling unnecessary bookings at the death. For example, fouling plays won’t be given a free kick when the player stands over the penalty area. Instead, the player will be required to re-position himself prior to receiving the ball, giving the opposition more time to attack the box. Familiar Fantasy and Scouting Social and TV options Player Saving Live Leagues FIFA 2K19 FIFA 2K19 brings back the most authentic features of FIFA including skills like sprinting and dribbling, animations like diving and creaming, and ground physics like tackling, sliding and slide tackling. Hovering FIFA 2K19’s real-world style includes being
