Telecom Switching, Traffic, and Networks [Flood, JE] at Amazon.com. *FREE* shipping on qualifying offers. Telecommunications Switching, traffic ... What else? Net. Amazon.com does not use IP addresses or firewalls or firewalls. After spending a couple of hours looking at all these things that were in stock, I decided it was better to buy something else than regret later. I bought another product that cost a dollar more but I can use it at work and not on Amazon.com. I can install another product and use it at work. Ultimately, I will use the product at work anyway.
