i1iO is a robotic automatic chart reading system for photographers, designers and printers who want to forgo manual strip reading. 3700 USD. The i1iO system is a robotic automatic chart reading system for photographers, designers and printers who want to forego manual strip reading. At first glance, i1iO is a device that can be seen in any print shop or print shop. But in fact, it is not like anything else. If you know how the printing engine works, you know that this device can be installed almost anywhere, but i1iO is completely different. dd2bc28256
