Crossword Power Free

You create your own word puzzles or choose from the 450 puzzles built from a custom word list. You can take vocabulary quiz to help kids build their vocabulary. Now you can turn your 4.5" x 5" grid word crossword puzzle into a journal! Just replace the puzzle grid with journaling paper and it's ready to go. The journaling paper is blank except for the same puzzle words you use in your puzzles. You can create multiple journals from one custom word list. Auto-search can quickly place words into the grid to create your crossword puzzle. Here are some key features of "Kross-Kross Journal": □ Unlimited number of journals for the same custom word list □ Slides can be added between each page of the journal □ Pages can be printed, copied, and saved for use in future journals □ A big bonus feature is that it can be easily used with Geography: Countries, States, and Capitals Description: Use the crossword puzzle to teach geography. You can use the same word list as you did in "Crossword Power" or you can make up your own. The journal allows you to take a "close up" look at the different countries, states, and capital cities in the world. Here are some key features of "Geography Crossword": □ 15 Crossword Puzzles (36 by 25 grid rectangular or open grid style) □ Words can be arranged in any order to create 15 different crossword puzzles. □ Customize your puzzles by choosing your own vocabulary words. □ You can choose to include "close up" slide images of different countries, states, and capital cities. Description: You create your own word puzzles or choose from the 600 puzzles built from a custom word list. You can take vocabulary quiz to help kids build their vocabulary. Now you can turn your 4.5" x 5" grid word crossword puzzle into a journal! Just replace the puzzle grid with journaling paper and it's ready to go. The journaling paper is blank except for the same puzzle words you use in your puzzles. You can create multiple journals from one custom word list. Auto-search can quickly place words into the grid to create your crossword puzzle. Description: 1. As a teacher, you'll be able to see which words your students are finding and memorizing the most

What's New In?
